

We've got the builders in...
Bulletin 4 - March 2018
Nearly there!

- * The lift has been installed and is ready for use.
- * Our volunteers are busy fixing new shelving and display cases as well as refurbishing the existing units and displays.
- * The exhibits are being cleaned and checked ready to go back on display.

Progress on the new ramped footbridge has been delayed by some last minute design changes, mainly to strengthen the moat brick wall, but the final design has been agreed and the materials to build it, ordered. It will be largely pre-constructed off site and craned into position, probably in May/June.

As an interim measure, the Trustees are hoping to arrange a partial re-opening of the Museum in time for Easter. Please check the notices and information on the Museum's website: www.seafordmuseum.co.uk.

We are now looking to recruit more Volunteers to train to become Stewards at the Museum. If you are interested please phone: (01323) 898222 and leave a message.
