

We've got the builders in...June.

***Watch this space...
...in particular the Moat where the
action moves in June.***

- * The Museum's skilled volunteers are building a ramp down from the fire doors to the safe refuge area.**
- * Contractors will be working on the foundation block for the bridge supports and opening a gap in the parapet wall for the bridge access.**
- * Off site, the elements of the bridge are being pre-constructed prior to installation at the Museum.**

**We are now looking to recruit more
Volunteers to train to become Stewards at the
Museum. If you are interested please phone:
(01323) 898222
and leave a message.**

Not long now.....
